REVISED OPERATING PROCEDURE 100-6
THIRD PARTY USE OF SPACE AT HHC FACILITIES:
LICENSES AND LEASES

TO: DISTRIBUTION D

FROM: Alan D. Aviles

1. PURPOSE: This Procedure establishes guidelines for authorizing third parties to occupy space in the Corporation's facilities.

2. SCOPE: This Procedure applies to all facilities operated by the Corporation.

3. DEFINITIONS: The following definitions shall apply:
   a. An "Administrator" is the administrator of one of the Corporation's diagnostic and treatment facilities.
   b. The "Board" refers to the Corporation's Board of Directors.
   c. The "City" refers to the City of New York.
   d. A "Concession" is a grant of the right to occupy space at a Facility for a profit making activity such as the operation of coffee shops, cafeterias, gift shops, television rentals, etc. The granting of Concessions is governed by Operating Procedure 10-16.
   e. The "Corporation" refers to the New York City Health and Hospitals Corporation.
   f. A "Facility" is a building or campus operated by the Corporation.
   g. A "Lease" is a written agreement between the Corporation and a Third-party User for the Third-party User's use of space in or at a Facility for a definite term of years which does not permit either party to terminate the agreement at will without cause.

h. A “License” is a written agreement between the Corporation and a Third-party User for the Third-party User’s use of space in or at a Facility for a stated period of time subject to each party’s right to terminate the agreement at will on short notice and without cause.

g. The “Mayor” refers to the Mayor of the City.

h. A “Motion Picture License” is a License given by the Corporation to a Third Party User to authorize such Third Party User to enter upon a Facility for the purpose of filming a motion picture (regardless of the intended means of exhibition, i.e. television, DVD, motion picture, etc.) or taking still photographs. A Motion Picture License is limited to an arrangement by which a Third Party User is present at a Facility for a single project for not more than a total of fifty hours.

i. A “Motion Picture Licensee” is a third party who enters into a Motion Picture License with the Corporation.

j. A "One-time Use" is a temporary use of space by a third party not exceeding 48 hours within a two-week period and not exceeding 72 hours within a 30-day period.

k. A “One-time User” is a party making a One-time Use.

l. A “Third-party Use” is a use of space in a Facility by a non-HHC entity, other than a One-time User, except for hospital auxiliaries (as defined in Operating Procedure 10-20), hospital community advisory boards, staff of other hospitals who provide services to the Corporation pursuant to affiliation agreements duly authorized by the Board that govern, among other things, their use of space, union related meetings and concessions.

m. A “Third-party User” is a party occupying space for a Third-party Use.

4. POLICY:

a. The continuous use of space at a Facility by persons, things or equipment that preclude the occupancy of that area for another use or by another user at the same time requires the prior approval of the Board for a License or Lease. Space at a Facility may be made available for a One-time Use or a Motion Picture License on a nondiscriminatory basis by letter agreement without Board approval. Both Licenses and Leases require Board approval. A Third-party User using space in a Facility is generally given a License because the Corporation’s ability to terminate the use on short notice provides greater flexibility in controlling the space. A Lease should be used only in the exceptional instances where the Corporation will not need to terminate the use and recapture the space on short notice. For a Lease to be legally binding, a public hearing and the prior approval of the Mayor, the City Council and of the Corporation Counsel is also required.

b. All Third-party uses of space at Facilities shall be in accordance with, support or promote the Corporation's goals and policies.

c. Determinations to approve a third party's use of space at a Facility shall be based upon the identity and nature of the party requesting the use; the purpose, nature and duration of the proposed use; whether the insurance requirements set forth in this Procedure are satisfied; and the rationale for assessing, reducing or waiving a fee for the use. Third Party Users may not sublet or otherwise assign their right to the use of space at a Facility without the Corporation's prior written approval.

5. PROCEDURE FOR ONE-TIME USES OF SPACE

a. A One-time Use of space at a Facility does not require Board approval.

b. The Network Sr. Vice President, the Executive Director or the Administrator has discretion to determine whether a third party may make a One-time Use of space at the Facility under his/her management, provided the determination is made on a non-discriminatory basis, adheres to this Procedure, and does not interfere with the normal operation of the Facility. In cases of a proposed One-time Use under consideration, other than a healthcare related use, where the One-time Use may involve elected or other public officials or which may bear on matters of political or community controversy, the Network Sr. Vice President, the Executive Director or the Administrator shall consult with the Office of Intergovernmental Relations prior to committing to any such proposed One-time Use of space.

c. The One-time User shall defend and hold harmless the Corporation, the Facility and the City against any claims arising from its use of space in the Facility and, depending on the nature of the One-time User and its use, shall be required to purchase a policy of Comprehensive General Liability Insurance, which shall protect the Motion Picture Licensee, the Corporation, the Facility and the City against any liability arising out of any occurrence on or about the licensed space or any other matter as to which the One-time User is obligated to indemnify the Corporation, the Facility and the City in a combined single limit of $3,000,000. The One-time User shall also insure its own personal property and any improvements it makes to the licensed space against fire and other casualties covered by “All Risk” insurance for the actual replacement value of the same.

d. The Network Sr. Vice President, Executive Director or Administrator may waive or reduce the requirement for insurance upon determining that the One-time User's activities at the Facility will pose no, or only an insubstantial, risk to the Corporation, and that the One-time User would experience substantial hardship in obtaining the insurance. Such waiver or reduction of the insurance requirement must be made by the Network Sr. Vice President, Executive Director or Administrator in a memorandum justifying that there is no risk to the Corporation or that any risk is insubstantial and that insisting upon insurance coverage would cause substantial hardship to the One-time User. The memorandum shall be retained with the standard letter agreement described in (f), below.
If the insurance requirement is not waived, then appropriate certificates of insurance should be retained with the standard letter agreement described in (f), below.

e. The Facility shall charge the One-time User a fee equal to at least the additional incremental costs of operation incurred by reason of the use, including such costs as for additional housekeeping, security and utilities. The fee may be reduced or waived if the user will provide beneficial services on a non-profit basis to the Corporation or its patients. Should the fee be waived, such waiver must be justified in a memorandum retained with the standard letter agreement described in (f), below.

f. The terms of the One-time Use shall be documented by a standard letter agreement (see Exhibit A) signed by the One-time User and the Network Sr. Vice President, Executive Director or Administrator. Any deviation from the standard letter agreement (except for a waiver, or partial waiver, of insurance) shall be approved in advance by the Office of Legal Affairs.

6. PRECEDURE FOR MOTION PICTURE LICENSES

a. A Motion Picture License does not require Board approval.

b. The Network Sr. Vice President, the Executive Director or the Administrator has discretion to determine whether to enter into a Motion Picture License at the Facility under his/her management, provided the determination is made on a non-discriminatory basis, adheres to this Procedure, and does not interfere with the normal operation of the Facility.

c. The Motion Picture Licensee shall defend and hold harmless the Corporation, the Facility and the City against any claims arising from its use of space in the Facility and, except in extraordinary cases, shall be required to purchase a policy of Comprehensive General Liability Insurance, which shall protect the Motion Picture Licensee, the Corporation, the Facility and the City against any liability arising out of any occurrence on or about the licensed space or any other matter as to which the Motion Picture Licensee is obligated to indemnify the Corporation, the Facility and the City in a combined single limit of $3,000,000. The Motion Picture Licensee shall also insure its own personal property used in connection with its work at the Facility against fire and other casualties covered by “All Risk” insurance for the actual replacement value of the same.

d. The Network Sr. Vice President, Executive Director or Administrator may, after consultation with the Office of Legal Affairs, waive or reduce the requirement for insurance upon finding that the Motion Picture Licensee’s activities at the Facility will pose no, or only an insubstantial, risk to the Corporation and that the Motion Picture Licensee would experience substantial hardship in obtaining the insurance. Generally, such a waiver should be given only to not-for-profit still photographers or small filming projects conducted only outdoors or under other circumstances that substantially reduce the attendant risk. Such waiver or reduction of the insurance requirement must be made

by the Network Sr. Vice President, Executive Director or Administrator, after consultation with the Office of Legal Affairs, in a memorandum justifying that there is no risk to the Corporation or that any risk is insubstantial and that insisting upon full insurance coverage would cause substantial hardship to the Motion Picture Licensee. The memorandum shall be retained with the standard Motion Picture License agreement described in (f), below. If the insurance requirement is not waived, then appropriate certificates of insurance should be retained with the standard Motion Picture License agreement described in (f), below.

e. The Facility shall charge the Motion Picture Licensee a fee that reflects the duration of the Motion Picture License, the intrusiveness of the project on the normal operations of the Facility and the market value for such a license which each Facility shall verify from time to time by consulting with other Facilities that have recently entered into Motion Picture Licenses. The fee may be reduced or waived if the user will provide beneficial services on a non-profit basis to the Corporation or its patients. Should the fee be waived, such waiver must be justified in a memorandum retained with the standard Motion Picture License agreement described in (f), below.

f. The terms of the Motion Picture License shall be documented by a standard Motion Picture License agreement (see Exhibit B) signed by the Motion Picture Licensee and the Network Sr. Vice President, Executive Director or Administrator. The standard Motion Picture License shall be prepared in two parts: The first part shall be prepared in Microsoft Word and may be freely modified to reflect the business terms of the particular transaction. The second part shall be distributed in PDF format only and shall not be modified in any way unless approved in advance by the Office of Legal Affairs. In particular, it is important that, if the identity of any Facility patient is to be disclosed or if the identity of the Facility is to be revealed, then, in either event, the Office of Legal Affairs must be first consulted.

7. PROCEDURE FOR CONTINUOUS USE OF SPACE

a. Any regular or continuing use of space in a Facility by a Third-party User, i.e., a use other than a One-time Use or one by a Motion Picture Licensee, requires approval of the Board.

b. The Network Sr. Vice President, Executive Director or Administrator has discretion to determine whether a third party will make regular or continuous use of space at the Facility such that the third party would not be a One-time User, provided the determination is made on a non-discriminatory basis, adheres to this Procedure, and does not interfere with the normal operation of the Facility.

c. Prior to searching for a tenant for available space at a Facility, the Network Sr. Vice President, Executive Director or Administrator shall consult with the Office Facilities Development, the Office of Legal Affairs, the Office of Corporate Planning and any other department at Central Office likely to become directly involved to

d. Prior to seeking the approval by the Board for a Lease or a License, the proposed tenant or licensee must be cleared through the Corporation's VENDEX system with the exception of Federal, State, City or other local governmental agencies which shall be exempt from the requirement for VENDEX clearance.

e. Prior to seeking Board approval, the terms of the proposed Third-party Use must be agreed upon between the Facility and the Third-party User. The Network Sr. Vice President, Executive Director or Administrator shall propose the Third-party Use in a memorandum to the Office of Facilities Development. In the case of a proposed Lease, a meeting shall be arranged among representatives of the Office Facilities Development, the Office of Legal Affairs, the Facility involved, the Office of Corporate Planning and any other persons at Central Office directly involved in the proposal in order to discuss the proposed terms. In the case of either a License or a Lease, the following guidelines must be followed:

(i) The fee to be charged a Third-party User shall be based upon either the Institutional Cost Report ("ICR") rate per square foot developed by Finance/Reimbursement Services or the fair market value of the space to be occupied by the Third-party user. The choice of either the ICR or fair market rent shall be made at the discretion of the Facility subject to approvals by the Capital Committee of the Board and the Board.

(ii) A Facility shall not charge a health care services provider reimbursable by Medicaid or Medicare less than the higher of the fair market value or the ICR rate without a thorough justification in writing by the Network Sr. Vice President, Executive Director or Administrator, to be supported in a memorandum attached to the submitted material. Such justification must include a showing that the Third-party User will provide services or other benefits on a non-profit basis to the Corporation or its patients, and that the value of the services to be rendered or the benefit conferred equals or exceeds the higher of the fair market value or the ICR rate per square foot of the space to be occupied.

(iii) The fee charged to a Third-party User that is not a health care services provider may be waived or reduced if the Third-party User will provide services on a non-profit basis or other benefits to the Corporation or its patients.

(iv) The indemnification and liability insurance coverage set forth in Subsection 5(c) of this Procedure shall be required, unless waived pursuant to such subsection.

(v) The approval of Hospital Operations/Capital Programs must be obtained before any permanent alterations or improvements to a Facility are made for a Third-party Use.

(vi) In the case of a Lease of space to a for profit entity which is neither a health care provider nor a governmental or quasi governmental entity, the proposed tenant shall be selected though an open competitive procurement process such as is followed for Concessions under Operating Procedure 10-16; provided that this requirement is satisfied if the procurement process was conducted by an agency of the City or the State of New York.

f. Prior to the Third-party User's occupancy of space in a Facility, the proposed use must be approved by the Board and a License or Lease must be signed by the President of the Corporation and the authorized representative of the Third-party User.

g. The Office of Facilities Development will review all proposals for a Third-party Use by License and recommend those which are acceptable according to the guidelines of this Procedure for approval by the Capital Committee of the Board.

h. After recommendation by the Office of Facilities Development, the Office of Facilities Development will prepare the resolution package to authorize the proposed Third-party Use of space by License at the Facility for review and approval by the Capital Committee of the Board. Such materials shall include an Executive Summary, a description of the Third-party User's activity or program to be conducted at the Facility's space along with the justification for any reduction or waiver in the fee or insurance required. The Executive Summary shall be prepared by the Network Sr. Vice President, Executive Director or Administrator in consultation with the Office of Facilities Development, and submitted to the Office of Facilities Development for inclusion in the resolution package.

i. Once the Capital Committee's approval is obtained, the resolution shall be referred to the full Board for approval.

j. Once the Board has approved the resolution, the Office of Legal Affairs will prepare the agreement for the Third-party Use (see Exhibit C for the standard License), ensure that it is properly executed by the Third-party User and the Corporation, and register the agreement with the Office of Facilities Development and the Facility's Network Senior Vice President. The agreement shall include an annual fee escalation clause to insure that the Facility continues to recoup its operating costs for the Third-party Use, should they increase. The Facility's Chief Financial Officer, with the assistance of Finance/Reimbursement Services, shall be responsible for the computation of escalated fees when due and shall notify the Third-party User and the Finance/Corporate Controller of the same.

k. Any Lease for a Third-party Use of space in a Facility additionally requires a public hearing and approval by the City Council, the City's Corporation Counsel and the Office of the Mayor prior to execution by the President of the Corporation. The Office of Legal Affairs shall be responsible for obtaining all required

approvals before a Lease may be executed. The Secretary to the Corporation shall be responsible for scheduling the public hearing.

a. Existing Licenses for use of space in Facilities shall be submitted to the Board for reconsideration at least every five years in accordance with this Procedure.

b. The Chief Financial Officer at each Facility shall comply with Section 9(b) of this Procedure.

c. The Network Sr. Vice President, Executive Director or Administrator shall notify the Office of Legal Affairs when any Third-party User terminates its agreement for space at the Facility or ceases to use such space. If the Facility desires to terminate a Third-party Use of its space, the Network Sr. Vice President, Executive Director or Administrator shall submit a memorandum to the Office of Legal Affairs requesting that the agreement be terminated with the justification for such action.

d. The Network Sr. Vice President, Executive Director or Administrator shall prepare a report as of the first day of January, April, July and October of each year of the Motion Picture Licenses given during the preceding calendar quarter and file the same with the Office of Communications and Marketing not later than thirty days after the close of each such calendar quarter.
