

SEXUAL REPRODUCTIVE HEALTH

FACTS MYTHS

Baby oil and Vaseline® are okay to use as lubricants with latex condoms. 

You can use a condom more than once, if you wash it properly. 

The most common symptom of a STI, is no symptom at all. 

You can get an STI from a toilet seat. 

STIs can be transmitted via oral sex. 

Peeing or douching after sex protects against pregnancy. 

You can get pregnant while on your period.
