ABOUT NYC HEALTH + HOSPITALS/ MHSC

The Mental Health Service Corps (MHSC) is a workforce development program that aims to build a diverse generation of mental health clinicians, equipped to integrate behavioral health into a variety of settings. Early-career clinicians are trained in evidence-based practices and are placed throughout the NYC Health + Hospitals system with the goal of emerging from the three-year program seasoned and adept clinicians. Under the supervision of licensed clinicians, Corps Members will be equipped to screen, assess, and treat patients in a culturally competent manner. The program is operated by NYC Health + Hospitals and supported by the Mayor's Office of Community Mental Health.

We offer a competitive benefits package where eligible. NYC Health + Hospitals is an Equal Opportunity Employer. M/F/D/V
