¹The data within this report represents a snapshot in time and therefore is subject to change based on updated information subsequently reported by staff members to the Department.

²Each day the Department collects data related to the number of uniform staff who call out sick for the first time ("New Sick"). Staff are permitted to use their sick time to support any number of health care needs (including but not limited to cold, allergies, injuries, and doctor appointments). Some staff return to work the next day, others are out for a number of days.

³Both Uniform and Non-Uniform staff who are out sick as a result of COVID-like symptoms must report their absence to the Department's Health Management Division. The data represented in these columns is self reported. The Department continues to encourage all staff experiencing COVID-like symptoms to stay home and seek medical attention.
