### **NYC Care and PEU Partner to Connect NYC Care Members to Primary Care**

By: Maya Kaufman

NYC Health + Hospitals has partnered with the mayor's Public Engagement Unit to conduct outreach to 30,000 NYC Care members who have not scheduled their first primary care appointment, the public hospital system said Wednesday.

"NYC Care offers critical services to New Yorkers, from primary and specialty care to low-cost prescription medications available day or night," Jonathan Jiménez, executive director of NYC Care from NYC Health + Hospitals, said in a statement. "Thanks to our collaboration with our partner, the Mayor's Public Engagement Unit, we can ensure our members continue to take advantage of the services they are entitled to, regardless of immigration status or ability to pay."
