Ms. Freda Wang chaired the meeting of the HHC Capital Corporation Board of Directors (the “Board”).

Call to Order:

The HHC Capital Corporation meeting was officially called to order at 1:16 p.m. by Ms. Wang. Ms. Wang noted for the record that Karen St. Hilaire is representing Molly Wasow Park, and Dr. William Fisher is representing Deepa Avula – all in a voting capacity.

Adoption of Minutes:

Ms. Wang asked for a motion to adopt the minutes of the previous meeting that was held on January 26, 2023. The Board unanimously adopted the minutes.

Ms. Wang then introduced Ms. Linda DeHart to provide an update to the Board. Ms. DeHart referred to the HHC Capital Corporation Semi-Annual Meeting Presentation for the period ending June 30, 2023 to update the Board on the System’s debt finance program.

HHC Outstanding Bond Portfolio (slide 1):

Ms. DeHart provided an overview of NYC Health + Hospitals Corporation’s (“H+H”) current outstanding tax-exempt bonds portfolio totaling $428 million, of which about $118 million are variable rate bonds, and the remaining balance are fixed rate bonds. The variable rate bonds are supported by letters of credit provided by TD Bank and JPMorgan Chase Bank.

HHC 2008 Series B-E Bonds Historical Interest Rates (slide 2):

Ms. DeHart explained that the graph on slide 2 shows the variable rate interest rates bonds performance since inception. She noted that in recent months the interest rates had fluctuated more than usual due to geopolitical issues, inflation and the Federal Reserve interest rate hikes.

HHC Bonds - Issuance History (slide 3):

Slide 3 of the presentation provides a history of bond issuances by H+H, as well as the refunding savings over the years.

Ms. DeHart pointed out that in February 2023, Fitch Ratings upgraded the New York City’s ratings, and since H+H’s rating is tied to the City’s rating, H+H’s rating was upgraded to AA- accordingly.

Construction Fund Balance on the 2020 Bonds (slide 4):

Ms. DeHart reported the status of H+H’s $100 million 2020 Series A construction fund. Ms. DeHart reported that withdrawals through June 2023 from the 2020 bonds issuance totaled $61.8 million to reimburse H+H for project expenditures, with a remaining balance of $39.7 million.
2020 New Money Bonds – Project Activity Update (slide 5-7):

Ms. DeHart reviewed planned spending for the $100 million new capital money that was allocated to various facilities. Ms. DeHart also provided an update of total infrastructure project spending through June 2023 as well as an overview of minor extensions made to the infrastructure project spending timeline related to some anticipated change orders. Ms. Brown further explained that certain supply chain issues impacted equipment delivery schedules and delayed project starts. Certain contractors submitted invoices late, thereby delaying the project cashflow spending timeline. However, the payments will be caught up in coming months.

Outstanding Equipment Loan (slide 8-10):

Ms. DeHart explained that in addition to the bond program, the H+H Board has authorized equipment loan financing up to $120 million at any time. Ms. DeHart reported that as of June 2023, there are two loans outstanding totaling $44.6 million, and provided the status of the two loans.

Final Arbitrage Rebate Report (slide 11):

Referring to slide 11 Ms. DeHart reported that the 2013 Series A bonds matured in February 2023. A final arbitrage rebate analysis was performed by Hawkins, Delafield and Wood, and determined that no arbitrage rebate liability was incurred by the bonds.

Discussion:

A question was asked whether the TD Bank letters of credit require another extension in 2027. Ms. DeHart explained that we normally will request an extension a year prior to the letters of credit expiration date.

A question was asked whether or not H+H has the authority to extend the construction fund spending timeline. Ms. DeHart answered yes and explained that arbitrage rules allow the issuer to keep some of the excess interest earnings if H+H meet certain timely spend down schedules.

Adjournment:

There being no further business before the Board, Ms. Wang adjourned the meeting at 1:35 p.m.

Andrea Cohen, Esq.
Secretary to the Board of Directors
HHC Capital Corporation
Semi-Annual Meeting for Period Ending December 31, 2023

Date: January 25, 2024

Final Arbitrage Rebate Report for 2018 Citibank Revolving Loan

- If interest earnings on tax-exempt bond proceeds exceed the bond yield, issuers will incur arbitrage liability which must be rebated to the IRS.
  - Per Section 148 of the Internal Revenue Code, issuers must file Arbitrage Rebate forms with the IRS every fifth bond year and at final maturity to identify and repay any arbitrage rebate liability.

- The $30 million 2018 Citibank Revolving Loan (the “Loan”) matured on October 30, 2023, requiring final arbitrage report.

- Accordingly, H+H’s rebate consultant, Hawkins, Delafield and Wood LLP, prepared a final arbitrage rebate report for the Loan. The analysis indicated that H+H incurred $11,987.42 arbitrage rebate liability on the Loan. This was due primarily to higher amount of interest earned in the later half of 2022 and 2023.

- As such, H+H requested M&T (the “Escrow Agent”) to issue a check from the Escrow Fund (from earned interest income), and submitted the 8038-T form to the IRS along with the $11,987.42 check on H+H’s behalf on 12/28/23.
The $112 million 2013 Series A Bonds (the “Bonds”) matured on February 15, 2023. Accordingly, a final arbitrage rebate report for the Bonds was prepared, which indicated that H+H incurred no arbitrage rebate liability over the full life of the Bonds.

However, in the Bonds’ 5th year arbitrage rebate analysis (2018), H+H incurred $581,458.02 of rebate liability due primarily to the higher rate of return on the U.S. Treasury Note in which the Capital Reserve Fund (CRF) was invested at that time. Therefore, H+H made an arbitrage rebate payment to the IRS in 2018.

Subsequent investments of the CRF occurred in a much lower interest rate environment, leading to the finding of no arbitrage rebate liability in the final arbitrage rebate liability analysis.

H+H requested a refund of the rebate overpayment of $581,458.02 from the IRS in May 2023, and received payment of the refund in November 2023.
