Administrator, Laboratory Services

We're in search of an exceptional Administrator for Laboratory Services with expertise in planning, organizing, prioritizing and evaluating operational activities. The Administrator will also partner with senior leadership and clinical staff to advance the Laboratory's programs; promote staff development, and ensure quality care.

Requirements:

1. Holds and maintains a Clinical Laboratory Technologist License issued by the New York State Education Department (NYSED); and
2. Master's degree from an accredited college or university in Biology, Medical Technology, Clinical Laboratory Sciences or a related field; and five (5) years of experience overseeing laboratory operations, creating and establishing laboratory programs and reviewing and interpreting safety data, in a hospital or health care setting, three (3) years of which must have been in a responsible administrative, managerial or supervisory capacity; or
3. Bachelor's degree from an accredited college or university in Biology, Medical Technology, Clinical Laboratory Sciences or a related field; and seven (7) years of laboratory experience, five (5) years of which must have been in a responsible administrative, managerial or supervisory capacity; or
4. A satisfactory equivalent of education, training, and experience. However, all candidates must be licensed and currently registered by the NYSED to practice as a Clinical Laboratory Technologist and meet one of the qualification requirements of a laboratory supervisor.

Annual Salary: \$150K
