NYC Health + Hospitals/Gotham Health is one of the largest Federally Qualified Health Center (FQHC) in the country, providing coordinated world-class primary and specialty care with dignity and respect for all New Yorkers, without exception. At Gotham Health, we practice a person-centered caring culture that values delivering compassionate, quality healthcare in partnership with our patients, community organizations, and staff. Gotham Health is focused on high-quality, affordable care to everyone regardless of ability to pay or immigration status. Gotham Health serves the community through a two-pronged approach: providing treatment to those who need it while at the same time emphasizing prevention. We strive to deliver services in a way that maximizes each patient's opportunity to achieve successful health outcomes, we believe in every person's right to participate in their care plans, we facilitate partnerships with other community resources to meet the needs of our patients beyond healthcare, and we celebrate and recognize the compassionate care of our committed staff. Join our team if you want to be part of our Gotham Health Family, a person-centered, fully integrated, and innovative ambulatory care network that enables all New Yorkers to live their healthiest lives.
