DIRECTIONS TO WOODHULL

760 BROADWAY
BROOKLYN, NEW YORK 11206

NYC Health + Hospitals/ Woodhull is located at the intersection of Broadway and Flushing Avenue.

By Subway

Take the J, M, or Z train to Flushing Avenue. Take the elevators or stairs to reach the southwest corner of Broadway and Flushing, where the main entrance is located.

Alternatively, take the G train to Flushing Avenue, then take the B57 bus or walk three blocks east toward Broadway, and the main entrance.

By Car

From Brooklyn: Take the Brooklyn-Queens Expressway (BQE) to the Flushing Avenue exit; turn right onto Flushing Avenue; then continue to Woodhull.

From Queens: Take the BQE to McGuinness Blvd (the first exit over the Kosciusko Bridge); at the third light, turn left onto Humboldt Street (under the bridge), which leads directly to Woodhull. You may take the Jackie Robinson (Interboro) Parkway, to the Bushwick Ave. exit; continue to Myrtle Ave; turn left on Myrtle and go to Throop Ave; turn right on Throop, then continue to Woodhull.

From Manhattan: Follow the Williamsburg Bridge to Broadway (the first exit), and turn left; go straight to Woodhull. You may take the Brooklyn Bridge, by going to Tillary St. (the first light); turn left and go to the BQE; exit at Flushing Avenue; turn right, then go to Woodhull.

By Bus

B15, B40, B46, B43, B54, B57 and B62

NYC HEALTH+ HOSPITALS | Woodhull

Adult
Primary Care

+ Ambulatory Care Services

NYC Health + Hospitals/ Woodhull is affiliated with NYU Langone Medical Center. We are committed to providing comprehensive, culturally sensitive and accessible health services and programs to you and your family.

+ Adult Primary Care

Provides services to adult patients ages 18 and above which includes health screenings, health maintenance and disease management for a wide range of internal medicine problems. It is staffed by providers and professional support teams who are specifically trained to manage your health, wellness and medical needs.

Each patient has a dedicated clinical care team that coordinates care, and provides follow up to referrals to specialists when necessary.

Chronic Care Collaborative:

The Department of Medicine is committed to creating and implementing effective chronic disease management strategies in partnership with our patients to fight diabetes, asthma, depression, and other serious chronic diseases. Our Diabetic Center of Excellence emphasizes not only treatment but also prevention and early detection. To provide more effective care to diabetics, we use a computerized monitoring tool known as an electronic disease registry to track care.

Other Services:

+ Preventive care as well as treatment of general medical conditions including diabetes, hypertension, cardiac disease, respiratory disease,etc.
+ Screenings and referrals for specialty services
+ Consultation and education (i.e. nutrition, pharmacy)
+ Comprehensive Social Service evaluation with assistance provided for:
  + Access to appropriate entitlements
  + Medical benefits
  + Senior support services
  + Assistance with transportation to your appointment if qualified
  + New York Legal Assistance Group; assistance with civil legal issues
