

W -2 Wage and Tax Statement Explanation

Box 1: Wages, tips, other compensation

These are your taxable wages during the year. You need it for filing federal and state and local tax returns.

The taxable wages consist of the gross wages and other compensation paid to you during the year, including the following taxable fringe benefits:

- Union Legal Service Benefit
- Disability
- Motor Vehicle Use Fringe Benefit
- Parking Fringe Benefit
- Health Buy-Out Waiver Payment
- Executive Life / Group Term Life
- Commuter Benefits Administrative Fringe Fee
- Domestic Partner Health Insurance Premiums
- Health and Fitness Reimbursement
- Wellness Program

Your taxable wages are reduced by contributions to deferred compensation and/or tax deferred annuity accounts, pension plan, commuter benefits, and other programs that are not subject to federal taxes. (These amounts are shown in Boxes 12 and 14) The above listed taxable fringe benefits are shown in Box 14.

Box 2: Federal income tax withheld

This is the total federal income tax withheld from the employee's pay.

Box 3, 5: Social Security wages / Medicare wages and tips

These are the total wages paid that are subject to Social Security and Medicare.

Please note that the value of the following non-cash fringe benefits is included in the Social Security / Medicare wages and subject to Social Security Administration / Medicare tax withholding:

- Weight Watchers Fringe Benefits
- Group Term Life Insurance
- Auto / Parking Fringe
- Group Legal Services
- Housing
- Domestic Partner Health Insurance and applicable Welfare Fund Fringe Benefit
- Administrative Fee for participants in the Transit and Wage Works benefits programs

NOTE: NYC Health + Hospitals advanced and paid on behalf of the employee any Social Security and / or Medicare withholding tax which may be due on the value of the noncash fringe benefits listed above. Employees for whom taxes were paid on these fringe benefits will be notified in the near future regarding the recoupment of the taxes advanced on the fringe benefit.

Social Security wages (Box 3) should not be more than the maximum Social Security wage base for that tax year. Social Security wages are reduced for health insurance premiums, Commuter Benefits, and some flexible spending program contributions.

Wages subject to Medicare tax (Box 5) are the same as those subject to Social Security tax, except there is **no wage base limit** for Medicare tax. Medicare wages are reduced for health insurance premiums, Commuter Benefits, DE CAP, and HCFSA contributions.

Social Security and Medicare wages are not affected by deferred compensation or pension contributions.

Box 4, 6: Social Security tax withheld / Medicare tax withheld

This is the total of Social Security and Medicare taxes withheld from an employee's pay during the year.

- Most employees pay 6.2% of covered wages in Social Security taxes, up to the maximum Social Security wage base which is adjusted each year. If more than 6.2% of that amount was withheld, NYC Health + Hospitals Payroll will issue a refund in February.
- Most employees pay 1.45% of covered wages for Medicare tax. There is no maximum Medicare wage base for the Medicare portion of FICA. (FICA is comprised of Medicare and Social Security.) Employees with earned income of more than \$200,000 (\$250,000 for married couples filing jointly) pay an additional 0.9 percent in Medicare taxes.

NOTE: If the employee does not receive a refund that is owed to them, ask them to contact the Payroll Shared Services (PRSS) Call Center for assistance. (646) 694-7777

Box 10: Dependent care benefits

These are contributions to the Dependent Care Assistance Program (DE CAP) made through payroll deductions.

Contributions to DE CAP are not subject to federal, Social Security, and Medicare taxes. The amounts in Box 1 (for taxable wages) and Boxes 3 and 5 (Social Security and Medicare wages) are reduced by the amount of the contribution.

NOTE: DE CAP contributions are subject to New York State and City taxes and must be added back into income when filing New York State and City tax returns. Amounts for DE CAP are also shown in Box 10.

Box 12:

Tax deferred annuities (TDA)

If you participate in a TDA plan, your contributions are shown in Box 12 with the following codes:

- Code AA = Contributions to ROTH 401(k) Plan
- Code BB = Contributions to ROTH 403(b) Plan
- Code C = Group Term Life
- Code D = Contributions to 401(k) Plan
- Code E = Contributions to 403(b) Plan
- Code G = Contributions to 457 Plan
- Code DD = Cost of Sponsored Health Insurance
- Code EE = Contributions to ROTH 457 Plan

TDA pre-tax plan contributions are not subject to income taxes. Post-tax plan (Roth plans) contributions are subject. Your taxable wages (Box 1) and your state and city wages (Boxes 16 and 18) are reduced because of your pre-tax TDA plan contributions. You file your federal, state, and city tax returns on the lower reported wage amount.

Although TDA pre-tax plan contributions are not subject to income tax, they are subject to FICA taxes. Your wages for Social Security and Medicare are NOT reduced due to your pretax plan contributions and therefore (Boxes 3 and 5) may be greater than the wages recorded for income tax purposes (Boxes 1, 16, and 18).

Cost of sponsored health coverage.

This is the combined cost (employer's and employee/retiree's) of employer-sponsored group health plans.

As part of the Patient Protection and Affordable Care Act of 2010, employers are required to report this cost to each employee. The amount is shown in Box 12 with the code DD. It is for informational purposes only and is not taxable.
