**Inclusive & Affirming Services for  
the LGBTQ+ Community**

A community hospital in the heart of  
East Harlem offering care tailored to  
the needs of the LGBTQ+  
community.

## NYC HEALTH + HOSPITALS/METROPOLITAN

NYC Health + Hospitals/Metropolitan is a 338-bed facility serving East Harlem and surrounding communities. Known historically as the primary health care provider in El Barrio, Metropolitan delivers high-quality, compassionate care to over 350,000 clinic patients and more than 50,000 emergency room visitors annually. The hospital is a designated Sexual Assault Forensic Examination (SAFE) Center of Excellence and a recognized "Leader in LGBTQ+ Healthcare Equality" by the Human Rights Campaign. Metropolitan has earned numerous honors, including the AORN, Beacon, Lantern, and Pathway to Excellence with Distinction awards, a Leapfrog "A" Grade for patient safety, and national recognition in U.S. News & World Report's Best Hospitals list. With a legacy spanning 150 years, Metropolitan maintains the nation's oldest municipal hospital-medical school affiliation through its longstanding partnership with New York Medical College.

The Pride Health Center at NYC Health + Hospitals/Metropolitan provides inclusive and affirming care tailored to the needs of the LGBTQ+ community.

The spectrum of services includes primary care, transgender health care, gynecologic care, hormone therapy, sexually transmitted infections testing and treatment, and more.

Founded in 2014, Metropolitan became the first municipal hospital in New York City to open a dedicated health center for LGBTQ+ patients, setting a new standard for community-based, affirming care.

Since the year prior, 2013, NYC Health + Hospitals/Metropolitan has been recognized as a “Leader in LGBTQ+ Healthcare Equality” by the Human Rights Campaign.

The Metropolitan Pride Health Center offers state-of-the-art primary and preventive care for all in the following areas:

- Gender Affirming Surgeries
- Gynecologic Care
- Hormone Therapy
- Immunizations
- Mental Health Care
- Pre- and Post-Exposure Prophylaxis (PrEP and PEP)
- Primary Care
- Sexually Transmitted Infection (STI) testing and treatment including Doxy PEP
- Transgender Health Care
- Young Adult Care
